

TXR PTO Newsletter

October 2008

2008-2009 PTO Officers

Diana Cavender – President Beth Gracyalny – Vice-President Anna Padgett – Secretary
Jolie Britt –Treasurer Sheldon Gardner – Sergeant-at-Arms

Thank you to all that attended last month's September 16th meeting. The 2008-2009 PTO Budget was accepted. Sheldon Gardner graciously accepted the nomination to be Sergeant-at-Arms and the motion was passed. As always, we welcome everyone to come and participate at the meetings and bring new ideas and suggestions! Our next meeting will be October 21st at 6:30 in the TXR Library.

As was discussed at the last meeting and communicated via e-mail the committees are coming along. If you are still interested in joining one or helping in anyway, just let us know. We will be discussing them again at the next meeting.

FALL FESTIVAL – The Fall Festival flyer has gone out. We look forward to hearing from you in regards to helping out. Thank you in advance! Teachers will be sending out information regarding the theme baskets for the silent auction. Please help as your time and talents allow.

We request that each TXR family help support our cakewalk by providing two baked items per family. They can be dropped off on November 7th – we will have someone in the car rider line to accept them in the morning and afternoon or you can bring them to the office.

Please invite family, friends, co-workers and neighbors to this night (Friday November 7th) of fun activities: supper, games, cakewalk, silent auction, etc.

BOX TOPS – Do you want to have a pie thrown at Mrs. Breedwell or Mr. Willis' face? Each box top will be a vote to have a pie thrown at one of them. When submitting your box top include your name, home room and the person you are voting to have the pie thrown at. We will tally the vote on Election Day, November 4th. The pie will be thrown at the Fall Festival.

PENNY WAR – Keeping saving those pennies. We are looking to start this fun event after the Fall Festival.

RECYCLING – The bin by the playground is slowly getting filled with paper. The Green Committee is working on the recycling of aluminum cans and plastics. We will communicate collection of these items shortly.
