

TXR GREEN PRIDE

Dear Parents,

In an effort to show TXR Pride in our community and for our world, the TXR PTO is adding to the TXR Recycling Projects already in place. It will not only raise funds for our students but would also help our world. The TXR PTO is challenging you and your family to help us by recycling the following products:

Drink pouches (of all kinds)  - you are allowed to cut the pouches on the end, as close as possible at the top, and please wash and dry them

Nabisco Cookie wrappers (all sizes)  **Aveeno tubes**  **Corks (of all kinds)** 

Cell phones  **Kashi, Bear Naked & Flavia Packaging**  **Ink Cartridges** 

Toasted chip bags  **Energy bar wraps (of all kinds)**  **Scotch tape** 

Cans  **(Thanks to Mrs. Roberts for taking these on Tuesday mornings!!)**

All we ask is that if you save these items that they be washed and wiped off when you send them in to help prevent bugs and rodents. Please send them in a baggie with your child; boxes and bins are being placed around the school for the children to place them.

Each of these items will bring in funds to help our school. These may be added to throughout the year so please watch for updates or check out: <http://terracycle.econify.com/> or <http://www.wcschools.com/txr/>

Newspapers, Plain Paper (any color/size, inc. envelopes), Magazines, Folders, and Paper Bags can still be placed in the bin in the back parking lot. **NO Cardboard**

What is also great is that all of these items are being repurposed to make new items and to free up our landfills.

We would also like to see if we can lower emissions in our air around the school. Along with helping you save gas money. When possible please cut off your engines while waiting in line.

Start recycling today to help TXR GO GREEN!
