Hospitality and Tourism Management Course Sequencing

- Level 1 -C16H17 Hospitality and Tourism Management I
- 1 Credit, open to grades 9-10
 - Hospitality and Tourism Management I is the foundational course for students interested in careers within the hospitality and tourism industry. The course allows students to explore the career opportunities and fundamental principles that guide the organization and management of the hospitality and tourism industry. Upon completion of this course, students will be proficient in the foundations of hospitality and tourism, industry segments, business concepts and operations, role of marketing, and customer relations.
- Level 2 -C16H18 Hospitality and Tourism Management II
- 1 credit, prerequisite C16H17 Hospitality and Tourism Management I
 - Hospitality and Tourism Management II builds on the foundational course and an intermediate course for students interested in learning more about careers in the hospitality and tourism industry. This course covers multiple topics preparing students for the hospitality and tourism industry with the skills and knowledge in management, human resources, recruitment, career development, marketing, finances, economics, and customer services. Upon completion of this course, proficient students will be able to pursue more advanced coursework in the Hospitality and Tourism Management program of study.
- Level 3 -C16H19 Hospitality and Tourism Management III
- 1 credit, prerequisite Hospitality and Tourism Management I & II
 - Hospitality and Tourism Management III is an advanced course intended to further build on the knowledge and skills from previous courses and prepare students for a variety of careers in the hospitality and tourism industry. This course covers multiple topics in employability and professionalism, international and global hospitality and tourism, legislation and governing laws, crisis preparedness and emergency procedures, marketing and selling, and financial applications. Upon completion of this course, proficient students will be able to pursue more advanced coursework in the Hospitality and Tourism Management program of study.
- Level 4 -C16H12 Event Planning and Management
- 1 credit, prerequisite Hospitality and Tourism Management I, II, III
 - Event Planning & Management is designed to be a project-based, capstone experience in which students' research, prepare, deliver, and

Algebra 3102	Subj: Math
Course Length: EOC SEMESTER	Credits: 1.000
Curriculum: Algebra 1	Course Grades: 9-12
Explanation: 3102 Algebra I - This course includes properties of the real number system, linear and quadratic systems, inequalities, operations on real numbers and polynomials, exponents and radicals. Students learn the language of algebra and practice the application of algebraic concepts to real world problems. The Mathematical Practice Standards apply throughout the course and, together with the content standards, prescribe that students experience mathematics as a coherent, useful, and logical subject that makes use of their ability to make sense of problem situations. Grade Level: 9-12 Prerequisite: Successful completion of the middle school mathematics curriculum which includes pre-algebraic concepts Minimum Credit: 1.0 Maximum Credit: 1.0
